

The Bullet

MARY WASHINGTON COLLEGE

November 2, 1942

MARY WASHINGTON MEMBER OF ASSOCIATION OF AMERICAN COLLEGES

Now it can be told! The good news was brought to Mary Washington by Dr. Shavelly Executive Secretary of the Association of American Colleges, in his Convocation address to the student body and faculty, October 7. However the fact could not be published until it had been formally announced at a meeting of the Association.

Dr. Combs attended the special meeting of the Association of American Colleges, October 29, when the good news was announced to the waiting world! The meeting was held in Philadelphia, Penna. (There will be more about this very special honor later--when we get back into print!)

CELEBRATED CONCERT PIANIST COMING TO M. W. C. THROUGH ASSOCIATION

Mary Washington is presenting through the Association Mr. Hugh Hodgson, distinguished musician of the South. He will be at the college Thursday, Friday, and Saturday of the coming week. Mr. Hodgson is head of the Fine Arts Department of the University of Georgia and is director of the Music Department in that school. He had been honored by the presentation of the Carnegie Library of Music.

We are very happy to welcome Mr. Hodgson to Mary Washington and to hope he will enjoy his visit as much as we will enjoy having him.

One of the highlights of Mr. Hodgson's visit will be his piano recital in George Washington Hall, Thursday night at 8:00. Everyone is invited to attend.

CHAPEL

A memorial service was held on Tuesday, October 27, in George Washington Auditorium for our late faculty member, Dr. Dice P. Anderson.

The program was beautiful in its simplicity and all who knew Dr. Anderson felt that somehow he will always be a part of our college.

Virginia Urbin, president of the Student Government, spoke on behalf of the students. "Although Dr. Anderson is gone," she said, "he will remain a part of Mary Washington." She told of a morning last spring when Dr. Anderson, with Mrs. Anderson, joined a group of girls to lead them in prayer. This was typical, for his every interest was with the college whether in the classroom or on the campus.

Speaking on behalf of the faculty, Professor Oscar Darter, head of the History Department, told of Dr. Anderson's interest and participation in civic affairs. He said that Dr. Anderson once said to him that any request from a student or group of students would receive his most whole-hearted attention. Professor Darter also made the significant remark that never had he heard Dr. Anderson make a critical or unkind remark about anyone.

The Y choir then sang "Abide With Me" after which Dr. Combs told of Dr. Anderson's career as an educator of renown. Dr. Combs during his college career was a student of Dr. Anderson. He recalled how inspiring he had been as a professor during the stormy days of the first war, and how he had continued his influence up into the last days. He concluded by saying that Dr. Anderson's death was a great loss to our college in that a valuable friend and a loved professor had left us.

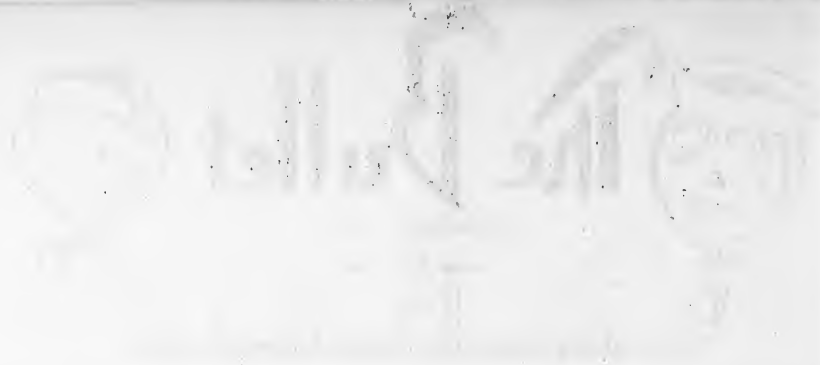

The benediction by Dr. Caverice of the Baptist church ended the service.

DR. ILLIS SPEAKS AT CONVOCATION CONCERNING MENDEL'S LIFE AND WORK

To commemorate the twenty-fourth anniversary of the founding of the little republic of Czechoslovakia, on the 28th of October 1918, Dr. Illis spoke to the students and faculty on the life and works of the great scientist, Gregor Mendel. Dr. Illis has made a life-long study of Mendel and is a noted authority on him. His very interesting talk about this great man was supplemented by colored slides which flashed onto the screen at intervals. Everyone is urged to visit the Mendel Museum which is located in E. Lee Trinkle Library.

RELIGIOUS EMPHASIS WEEK SCHEDULED FOR NOVEMBER 10-15

Plans for the annual Religious Emphasis Week to be held November 10-15 are going rapidly ahead--so announced the Y. W. leader this week. The Rev. A. V. Acy, Pastor of the Boulevard Methodist Church, Richmond, Va., has been secured as leader. The theme for the entire week will be: "For the living of this day." The motto will be "Eyes Front."

[The following text is extremely faint and illegible, appearing to be a formal letter or document with multiple paragraphs.]

EDITORIALSGET INTO THE SWING OF THINGS

Your father's doing it! Your brother's doing it! The members of M. W. faculty are doing it! Your friends are doing it! So why don't you?

You are stowed away in college with a weekly or monthly allowance coming in--or you are working in the College Shoppe to earn a little extra "spending money" and what happens? It goes back to the "coke-man" or the sandwich counter! Keeping money in circulation is a good thing and should be encouraged but how about putting "ten per cent" a week back into WAR STAMPS! The price of two cokes a week is all that it takes to help your country on to victory. The Student Government is sponsoring the drive and the STAMPS (or Bonds, if you wish!) are on sale week-days at the Victory Booth in front of the College Shoppe.

Don't be a slacker---buy your weekly stamp---it's the patriotic thing to do!

WATCH THAT PAPER !

It's not a very attractive sight---meaning the campus littered with candy wrappers---newspapers---or just plain paper. Are you guilty of dropping that candy wrapper or popsicile cover? Don't leave it on the campus---we have leaves enough to make a natural carpet. The paper isn't needed. There's a waste-paper basket just around the corner USE it!

PLEASE BE GOOD TO US!

THE BULLET is continuing its news-letter form until printing conditions can be realized once more. Until we do resume our former style, all extensive reporting (such as the departmental features and personal interviews) will be omitted. We hope that our readers understand the difficulties under which we have been working for the past weeks and that they will stand with us "for the duration". Everything is being done that is ably possible to resume normal conditions.

Dr. Anderson

Mary Washington College has been challenged. It is up to us to consider this challenge earnestly for our own benefit as well as that of our country and all fellow men. Dr. Combs presented it to us when he said that the most noble thing we could do for our beloved Dr. Anderson would be to strive to up-hold the beautiful ideals which he had as his own.

We all know what these ideals were, for he used them and applied them so obviously during his life here on the hill with us. There is reason to think that these ideals, his fine traits of character, his unswaying beliefs, will live on and will ultimately stand for the life of every Mary Washington girl--during her years here and thereafter.

What greater tribute can we pay Dr. Anderson than to set our standards as high as his, and by honest and unfaltering efforts we, too, may reach the goal of true Christian living that he reached.

--	---	---

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 3, 1862. It is a very long letter, and it contains a great deal of information about the state of the country at that time. It is a very important document, and it is one of the most interesting documents in the collection.

HERE WE GO AGAIN!

Letter of Introduction:

-1-

Oh my goodness!
Said the visiting lad--
What is that that just passed by?

With all the midshipmen's caps and blouses floating around one would think we were strictly for the Navy. Why doesn't the Army do something about it? If Bonnie Bendroth, Mim Waters, Sarah Curtis and many others can do the Navy proud, why doesn't Ana Gardner or Isabelle Martin add some bars or stripes to their costume.

The Fad of serenading the customers every morning in the College Shoppe is led by Hilda Parks and Bertha McPhail.

The Fad in the way of drama seems to be "Kind Lady" this season and have you noticed or heard of the male leads? They should be quite a drawing card.

Cafeteria style of eating seems to be the latest rage--one senior hostess is quoted as saying, "Why, it's a wonderful idea--now I get enough to eat for a change."

Get a load of the long drawn out pig tails featured by Tony Smith--or the ones entwined with ribbon created by Hildagard Holloway,**** Wish we could start the "FAD" of at least two dips of two dips of ice cream in the "C" Shoppe instead of one. **** Seen wearing bright red glassess campus minus the glass is Lina Jennings--could be added glamour?

Janette Hutchinson's phone call at 5:00 is no longer a "FAD" but a habit now****Then there's the fad of attending Ring Dances at Tech. Eighteen M.W.C. lassies tripped down to make their "Techmen" happy last week.

Bye now,

P.S. Have you heard about
the latest addition to the faculty? Congratulations "Poppa" & "Mamma" Jones!

23-Day Christmas Vacation Ordered

"The five teachers' colleges were authorized by the State Board at the meeting on October 30, to grant 23 calendar days vacation beginning about mid-December. The extended Christmas vacation period will mean a reduction in other vacation periods. The Thanksgiving holidays will be reduced to the one day, Thanksgiving, and the usual Spring vacation will be abolished."-----Richmond Times-Dispatch
